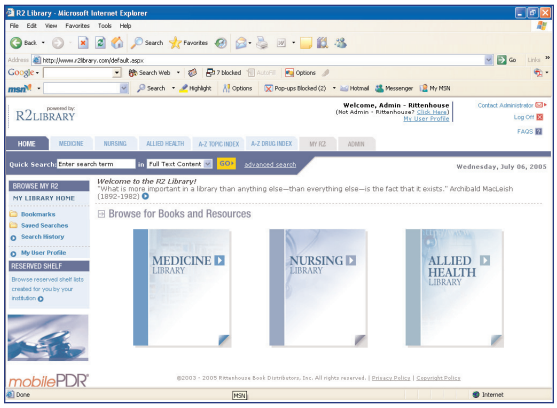
Electronic Books for Health Sciences

The R2 Library

Search in the fields of Medicine, Nursing and/or Allied Health!



Quick Search
Any index terms can be searched across available resources at the paragraph level. View relevant indexed results or full text results in one click.

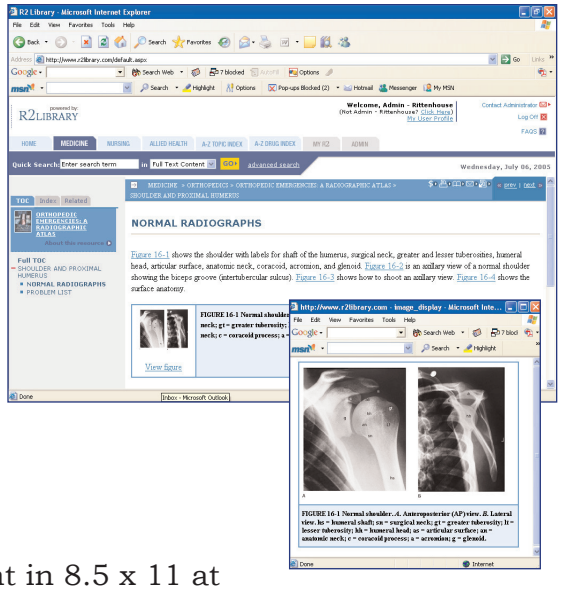
Advanced Search
Refine your search by defining Author, ISBN, Title, Discipline, Images, Multi-Media, or link out to search journals with PubMed and/or Cinahl.

Reserve Shelf
Access specific readings that your Library has selected in one click.

A - Z Topic Index
Alphabetical listing of all indexed terms from available resources within the R2 Library.

A - Z Drug Index
Alphabetical listing of drug names, information and monographs from available resources within the R2 Library. Drugs names are hyperlinked throughout the R2 Library.

Resource View
View the contents of a resource by the table of contents or an index of terms. By clicking on the indexed terms, you may also receive related terms that will link you to other available resources within the R2 Library.



My R2
Quickly access Bookmarked resources, saved searches and your search history.

Printing
Resources are formatted to print in 8.5 x 11 at the section level. Tables and figures will print inline with the text throughout the section.

** Copyright regulations must be strictly adhered to.*

User Tools
- Print section
- Bookmark page to link to key information
- Email results to a colleague
- Bibliographic citation that can be pasted into your bibliography
